Live in climate controlled comfort... all year round

RELIABILITY,
SATISFACTION
AND QUALITY...
NO ONE MEETS
THESE BENCHMARKS
LIKE ACCENT AIR.

The perfect temperature all year round... ducted silently into each room

"At Accent Air, we know how to look after your most valuable asset, your family."

Accent Air is Australia's premier ducted air conditioning supplier. Our reliable and whisper quiet reverse cycle systems are not only an astute and impressive investment for your home, but an invaluable enhancement to your lifestyle.

No matter how extreme the temperature outside, Accent Air's performance never falters. These weatherproof, stylish, self-regulating units are engineered to last, and are Australian made.

ACCENT ON LUXURY

You may have been to houses with split wall mounted systems, which only effectively cool one area. A fully ducted air conditioned home however is a luxury that has to be lived in to be believed.

Reduce the extreme weather conditions of winter and summer with your very own climate controlled home. Set the desired temperature and enjoy comfort you never thought possible.

ACCENT ON QUALITY

Accent Air units are considerably quieter than our competitors. Our scroll compressor has fewer moving parts, and thus little vibration. This innovative design results in almost silent running and reduced power costs.

Reliable, Aussie made and high performing, the Accent Air ducted air conditioning system offers a luxury that a split system cannot compare. Total climate control at the simple touch of a button. You only live once, so why not do it in comfort!

Pictured Left: Your house can be cooled throughout with ducted air conditioning. By zoning select areas, you can run your system more efficiently and cost effectively. With Accent Air systems, you are in control.

Accent Air units are Australian designed and manufactured

"We are completely Australian owned and our systems are designed and manufactured here for our unique conditions."

ACCENT UNIT FEATURES

- > **Whisper quiet** – due to the scroll compressors comprising of only a few moving parts, with a fully insulated compressor compartment
- > **Weatherproof** – BlueScope Steel polyester powder coated outdoor unit
- > **Stainless steel fittings**
- > **Range of colours** – (optional) to match exterior of your home
- > **Weather protection** – stainless steel or marine grade aluminium body
- > **De-ice control** – for winter climates
- > **Unique louvre guard** – to protect against hail and harsh UV rays
- > **Reduced power consumption** – the condenser coil includes super efficient advanced rifle bore tubing technology, which enhances performance
- > **Safety tray** – Indoor unit has an additional safety tray to protect against water leakage
- > **Optional discharge** – Horizontal or vertical fans on outdoor unit

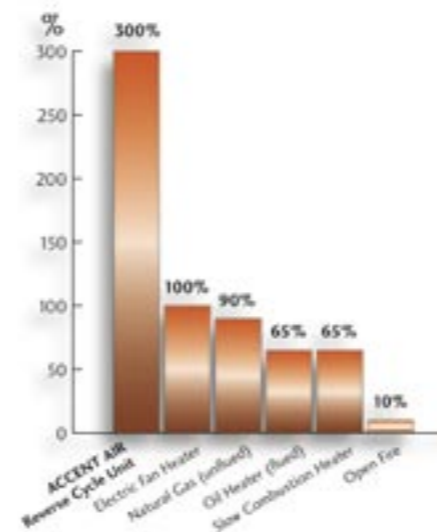

TEMPERATURE AT YOUR FINGERTIPS

Our attractively designed and easy to read controllers feature one-touch operation, allowing you to switch between zones and alter fan speed.

CONTROLLER FEATURES

- > **Digital LED Display**
- > **Multi zone switching**
- > **3 speed fan selection**
- > **Optional dual handset for control of upstairs and downstairs areas**
- > **Auto heat or cool selection**
- > **Hot start function** – in heating mode
- > **Remote and dual sensor option**
- > **24 hour on/off timer**
- > **Optional 7 day time clock**
- > **One touch room temperature read out**

COMPARISON OF HEATING EFFICIENCY REVERSE CYCLE vs OTHER

Source: SEDA (Sustainable Energy Development Authority)

Refreshingly cool for summer...

THE ACCENT AIR COOLING CYCLE

During summer, your home will be kept comfortably cool. Heat and excess moisture is transferred from your home to the outdoor unit. The outdoor unit then exhausts this heat into the atmosphere providing clean, cool air inside your home.

Snuggly warm for winter...

THE ACCENT AIR HEATING CYCLE

To keep your home comfortably warm during winter, the unit cycle is reversed, circulating warm clean air into your home. Reverse cycle heating is proved to be the most cost effective heating on the market.
